

Grant

This 5-year grant was awarded to the Payette School District by the State Department of Education. Funded through Title IV B, the 21st Century Community Learning Centers grant affords us before, after and summer school programs for our students. This program seeks to reduce achievement gaps, and increase student and family engagement in education.

Opportunities

- Academic Enrichment
- STEAM – Science, Technology, Engineering, Art, Math
- Robotics
- Physical Education
- Makers Space, Legos
- Homework Support
- Snacks and Nutrition
- Service Projects

21st Century Community Learning Centers AFTERSCHOOL PROGRAM

Mission

Provide before, after, and summer school opportunities in a safe, supervised, enriching environment with academic support, and engaging family activities for Payette Primary and Westside Elementary students. Our goal is to eliminate academic gaps and reduce risk factors, while empowering students and families.
